How Did We Get Here?

- In 2020, we celebrated 100 years of Women's Suffrage – and the League of Women Voters

ELIZABETH

City of Cor

San B. A.
and Elizabeth
Stanton

It Started with the Suffrage Movement

Timeline of Women's Rights in the US

- **1769** — The early American colonies base their laws on the English common law, which said, “**By marriage, the husband and wife are one person in the law. The very being and legal existence of the woman is suspended during the marriage, or at least is incorporated into that of her husband under whose wing and protection she performs everything.**”
- **1777** — All states pass **laws taking away women's right to vote.**
- **1848** — At **Seneca Falls**, 300 women and men sign the **Declaration of Sentiments**, a plea for the end of discrimination against women.
- **And** — **New York passes the Married Woman's Property Act.** She became for economic purposes, an individual.
- **1870** — The **15th Amendment** is ratified, saying, “The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any State on account of race, color, or previous condition of servitude.” African-Americans may vote now, but women may not.
- **1890** — **Wyoming becomes the first state to grant women the right to vote** in its state elections.
- **1900** — Every state has passed legislation modeled after New York's Married Women's Property Act (1848), **granting married women some control over their property and earnings.**

League's Heritage

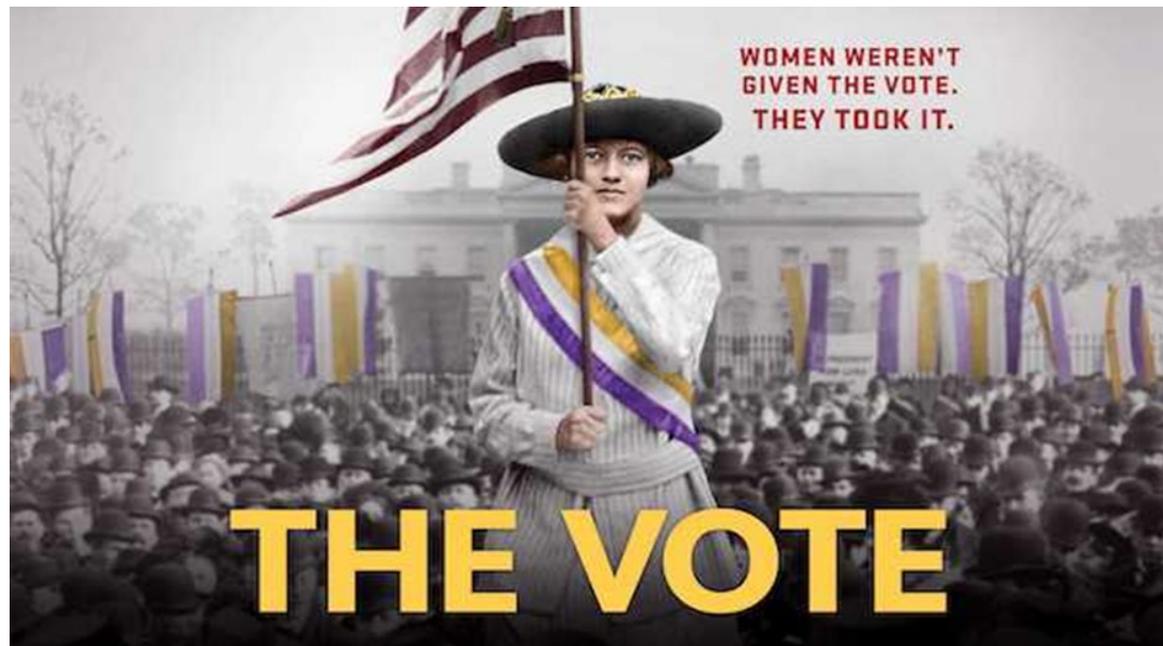

It Started with the Suffrage Movement

Timeline of Women's Rights in the US

- **1910** – Washington is the 5th state in the US to give women the right to vote
- **1918** — Margaret Sanger wins her suit in New York to allow doctors to advise their married patients about birth control for health purposes.
- **1920** — The **19th Amendment** is ratified and grants women the right to vote. It declares: “The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any State on account of sex.”

BORN for LIBERTY

"In 1920 the National American Woman Suffrage Association assumed a new name, the League of Women Voters. It took on the task of voter education and became indispensable to grass-roots American politics.

The League's vision of an informed citizenry has enriched the concept of democracy ..."
